Observations... From Around Town

(BY JAY WHOZIT)

The greatest asset that we have is our Beach Front, and we should make every effort to preserve it, so that it may be enjoyed by everyone.

Zoning regulations should be adopted and enforced that would prohibit the construction of buildings on our water front. There is plenty of space on the land side for construction. Work was begun this week on the Church of Our Lady of the Gulf, with the removal of the old altars, to make way for the new marble altars, and other repairs and alterations, which will be made in preparation for the celebration of the church's centennial some time in October of this year.

This is the month of April and we can expect "April showers," but the rains of the past few weeks have been little short of deluges. The Order of the Brothers of the Sacred Heart will celebrate one hundred years of service in this country on April 23-24 at Mobile, Alabama, where the first Brothers landed in January 1847, they have been ninety-three years in Bay St. Louis.

The telephone strike is still on and the girls can be seen picketing the local office. They walk in two-hour shifts. A new weekly newspaper is being published on the Coast, The Pass-Christians-Long Beach Journal, with Pass Christian and Long Beach as the place of publication, edited and published by Mr. John Watts and Mrs. Edith Ballard. The latter, a recently retired editor of the New Orleans Item, our congratulations and best wishes for their success.

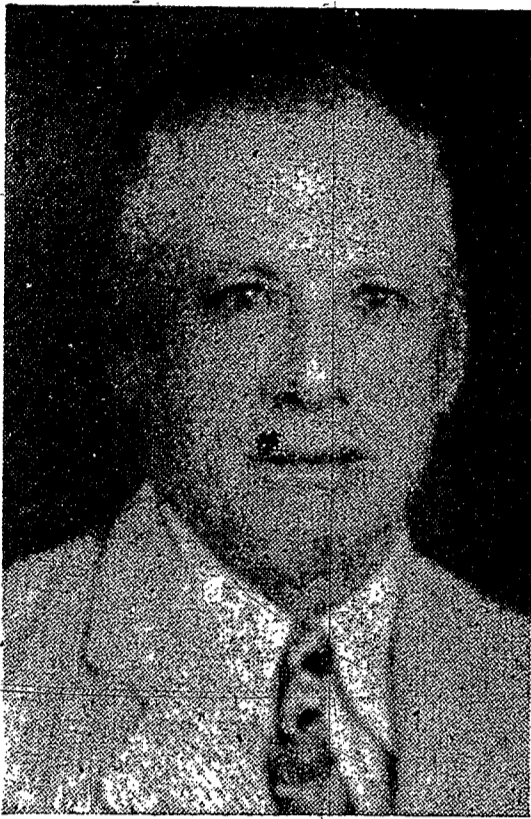

Bay St. Louis was honored this week by a visit from the Rev. Mother Jeanne Eudoxie, Superior General of the Sisters of Saint Joseph, who came from the mother house of the Order in France and is the first Superior General of the order to make an American visitation. The Clement R. Bonfemps Post of the American Legion is attempting to raise enough finances to erect their own home, and have planned a stage show and picture at the "Theater" for the night of May 15th—he sure to buy your tickets as the boys are trying hard and really deserve your assistance.

The Mayor and Commissioners have issued an "Official Proclamation" proclaiming April 11th to 21st as Clean-Up Campaign. This is very commendable, but don't you think our city ought to be kept clean fifty-two weeks in the year and not just one week? The Leader Furniture Co. have finished their remodeling and are having a "Formal Opening" sale this week end, so drop around and see their new store, the Bass Brothers will be glad to see you and show you around. Our good friend, J. C. Roland has now entered the insurance field and will be glad to call on you and discuss your insurance problems at any time, just give him a call. See his ad. elsewhere in this issue. Our congratulations and best wishes to Ramon Damsis, a member of the class of '47, Saint Stanislaus, who has joined the order of the Brothers of the Sacred Heart. Bay St. Louis' three high schools will close this year on successive days, with Bay High winding up their school year on May 30th; St. Joseph Academy on May thirty-first; and St. Stanislaus on June 1st. A total of more than one hundred students will receive diplomas. If we don't get better weather, that five-mile stretch of new highway being built just outside of town will never be finished, and do we need it. Just a little over there until the county and state elections, and things are still very much on the quiet side.

JOHN B. WHEAT ANNOUNCES AS CANDIDATE FOR SHERIFF

JOHN B. WHEAT

The Sea Coast Echo has been authorized to announce the candidacy of Mr. John B. Wheat, for the office of Sheriff and Tax Collector of Hancock County. His statement follows:

To The Voters of Hancock County: After much thought and deliberation, I have definitely decided to make my announcement for office of Sheriff and Tax Collector of Hancock County.

It is my personal belief that it is not necessary for me to make any introduction of myself to the people of Hancock County for the reason that I have been a lifelong resident of this County and have held public office in Hancock County for over 27 years.

I have been engaged in the lumber and piling business for over 25 years, and during all of this time have had occasion to meet and know practically everyone in the County. I therefore, feel that, as stated above, I need no introduction to the voters of Hancock County, and merely take advantage of this opportunity to let my friends know that I am a candidate for the office of Sheriff and Tax Collector of Hancock County, and, if elected, will devote my entire time to the duties of this high office.

JOHN B. WHEAT.

ATTENDS STATE CONVENTION OF WELFARE WORKERS

Mrs. Elliott Casanova, director of Hancock County public Welfare office attended the State convention of Welfare Workers held in Jackson last week. Mrs. Casanova is proud of the rating accorded the Hancock County office in the state.

The meeting was opened by Miss Katherine Lenroot, Chief of the United States Bureau, Washington, D. C., and Miss Lena Martin, president of the Mississippi Conference of Social Work. Miss Lenroot talked on "Social Welfare in our Postwar World" and paid tribute to the health program under the leadership of Dr. Felix J. Underwood. She praised the State Department of Welfare in the development of services to children and the advances in progressive children's legislation adopted in the last session of the Legislature. She also spoke kindly of the plans of the Mississippi Children's Code Commission and the State Committee on Children and Youth.

Miss Lenroot said, "Social Welfare is coming of age in this postwar world. Progression from the stage of private philanthropy through a concept of public assistance to an emphasis on the theory and practice of social service epitomizes the changing concepts of social welfare in the country," she said.

The convention was attended by 600 people and several speakers of note were on the program among whom were Gov. Fielding Wright, who spoke on Mississippi's Responsibility for the Social Welfare of her people; Hodding Carter, editor of the Delta Democrat Times of Greenville and others. Miss Geraldine McCall, so well known in Hancock County was also there and Mrs. Pauline Smith, formerly assigned to this county.

Mrs. Casanova said, "It was an inspiring meeting and made one glad to be included in the workers in this great program for humanity."

Pupils Repeat Play

Mrs. Celine Ashcraft gave the Bay High school and a number of visitors a treat on Wednesday when she had the pupils of the first grade to repeat their play "The Wedding of Jack and Jill" at the assembly period.

To make special comment on any one part or on the acting of any one child for it was indeed a fine piece of work and most creditably done by the group of very young children. They were self possessed and had talent and in the production of the play was evidence of some material from the Little Theater a few years from now.

Hall (Bubsey) Doyle, nine year old son of Mr. and Mrs. Hall J. Doyle of Pearlinton, Miss., is a patient at the Kings Daughters Hospital as a result of an accident while playing at his home on Saturday of last week from which he suffered a severe cut in his leg below the knee. He was brought to the Kings Daughters Hospital where were several stitches were taken. He is doing fine and expects to be removed to his home shortly.

COUNTY CANCER CONTROL QUOTA \$800.00

It seems rather unnecessary to introduce to the general public the subject of cancer, its cause, its preventative its cure, when the radio, newspapers, the magazines, are giving news of the forward movement in the medical world to conquer this terrible foe to mankind and to prove to the world that this battle in the scientific world and medical world is not a losing fight. Cancer can be prevented and Cancer must be prevented and Cancer can be cured if discovered and treated in time.

Dr. Barbara Hunt, from the Vicksburg Clinic, who spoke at Gulfport at the district meeting, stresses education as a preventative of Cancer. She cited the curing of tuberculosis, malaria, yellow fever, typhoid, and said that what had been accomplished with these diseases can be accomplished with the cancer. Education is usually the cure for all illness for if the person can be educated they can avoid the disease or all diseases. "Knowledge is Power."

The drive for funds has been launched by the Mississippi State office with Mrs. W. L. Bourgeois at the helm of the Hancock County ship of Cancer Control. The county has a quota of \$800.

You do not have Cancer you say. No, but you could have and may have it. Be ready to fight it with knowledge and with other weapons such as are offered by the medical world today.

Saturday was "Shake the Can Day" for this county and ladies were out most of the day and it is understood that a little more than \$200 was realized.

This is indeed a splendid kickoff but there is more to do than that so put your shoulders to the wheel and educate yourself and every one else with whom you come in contact until this town and this county are cancer proof.

Important Film To Be Shown in Gulfport

Important Film "Decision" will be shown in Gulfport at the Recreation Hall, 15th Street, 8:00 P. M., April 25th by U. S. Army Representative under Major Thomas V. Dixon's office, Chief of Army Graves Registration Service, Memphis, Tenn., next of kin, also, will answer any questions they may have in connection with the return of deceased veterans from overseas.

Possibly at a later date within one or two months, the Army may be able to show this film in your county, however, they felt that Mississippi must be covered in the shortest possible time, since questionnaires are now being mailed out to next of kin, hence the showing at this time would have to cover an area larger than the county.

Major Dixon advised that he would write you a letter enclosing a news article. Complete it as to date, hour, place, Post Name, Number, etc., and deliver to your local officer. (If you do not have a local paper, post in conspicuous places in your community.)

Locate and notify next of kin by letter and in person through veterans, schools, churches, etc., within your Post and surrounding areas, of the place, time and date of showing.

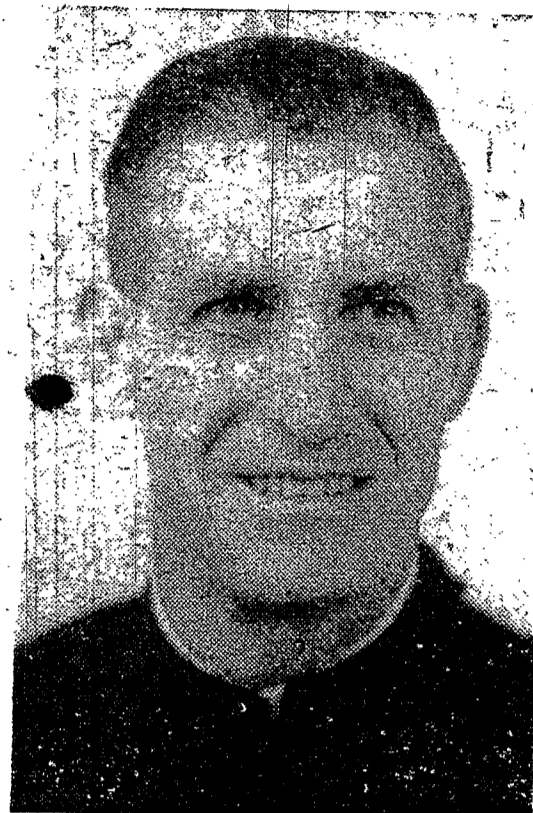

Post Commander at Gulfport has also been asked to contact you since film will not be shown at your Post.

price to 1947 commercial Irish potatoes of Hancock County were announced in Bay St. Louis today by John S. Flora, county administrative officer, Production and Marketing Administration.

If prices offered to farmers by local buyers fall below support levels, the U. S. Department of Agriculture will carry out the instructions of Congress and support the price by direct purchase, it was stated. Mr. Flora pointed out that commercial Irish potato growers must plant within their farm goals in order to be eligible for price support. Farms not assigned a goal can be eligible if they plant less than three acres, Mr. Flora stated. Farmers who have no goal and want to take advantage of the price support program must notify the county AAA office by April 19th so that their Irish potato acreage can be checked.

The support price for Mississippi is \$2.70 in May; \$2.60 in June; \$2.50 in July and \$2.30 in August. These prices are for 100 pounds U. S. No. 1 grade potatoes sacked and loaded on through carrier in car lots or truck lots at county shipping points. Support prices for U. S. No. 1 grade size "B" and for U. S. No. 2 grade one and seven eighths inch minimum diameter are 50 per cent of U. S. No. 1 grade.

Mr. Flora urged farmers who want to be eligible for this price support program to contact the county AAA office for further details.

ORTTE THEATER SUNDAY - MONDAY "STANLEY AND LIVINGSTONE"

With Richard Greene and Nancy Kelly

Starring Spencer Tracy, and telling one of the most thrilling stories in the history of American journalism, Darryl F. Zanuck's epic presentation of "Stanley and Livingstone" will be on the screen of Ortte Theater Sunday and Monday to thrill audiences anew with its astounding drama of adventure. Directed by Henry King, the film unfolds the excitement-packed saga of newspaper reporter Henry M. Stanley's celebrated search for missionary explorer Dr. David Livingstone through darkest Africa. How he found Livingstone, how the world called the newspaperman "the most colossal liar of his age," and how he later became the greatest hero of his era is a story that has been vividly dramatized for the screen and is credited with being one of the great adventure films of all time.

Spencer Tracy is seen as the intrepid New York Tribune reporter, Stanley, heading one of the most talented acting casts ever assembled for a motion picture. Nancy Kelly is paired with Richard Greene

as the romantic duo with Walter Brennan, Charles Coburn, Henry Hull, Sis. Caddy Hardwicke and Henry Travers giving expert accounts of the colorful personalities involved in Stanley's apparently hopeless assignment to cop the biggest "scoop" of the century.

QUARTERLY HEALTH REPORT FOR HANCOCK COUNTY

People marvel at the progress science has made and the wonderful blessings the investigators in this field of exploration have brought to mankind.

There is no greater field of endeavor in which the triumphs and achievements have been greater than in the sphere of medicine.

The hopelessness in the case of the incurable disease and the mutilated body torn beyond recognition and repair is challenged by the medical man.

The doctor, may, and does use meticulous care in treating the individual. The medical profession as a whole is becoming streamlined and capable of mass production in the service to the people.

In the attempt to control the spread of tuberculosis, emphasis has been placed on case findings through the limited use of the X-ray. As X-ray machines became plentiful many of the county health departments were provided with this aid in diagnosis. This service was limited to the cases, the contacts, and the relatives of the family that had been exposed to the case. Now we are using the service of a mobile unit capable of making mass X-ray of individuals and no longer limited to a select few. By this procedure, the emphasis will be placed on follow up work by the visiting nurse and other members of the health department capable of giving advice and instruction to the patients that are disclosed by these examinations.

We have had ample demonstration in Hancock County to convince us that all of the population above fifteen years of age could be examined in two or three weeks. It is no longer a question of finding the cases, but it is a problem to educate and convince those that are discovered.

Prominent Visitors To Bay St. Louis

Recent visitors to Bay St. Louis as guests of Miss Louise Crawford, were Misses Florence, Effie and Louise Trader from Cincinnati, Ohio, founders of The Cloverbrook Home for the Blind at Mount Healthy, a suburb of Cincinnati. The late Miss Georgia Duckworth Trader who died in March, 1944, was blind from childhood and because of this at an early age became interested in helping those who walk in darkness. She and her sister went through public and private school, Miss Florence reading the lessons to Miss Georgia, who then was prepared to take the examinations and they graduated together.

Miss Georgia gave birth to the idea of having a library for the blind in Cincinnati. The only library for the blind then was in a school in Columbus, Ohio.

From this start has grown a library of 40,000 volumes of Braille and Talking Books and the organization of the Cincinnati Library Society for the Blind on March first 1901. Here Miss Georgia and Florence Trader held weekly classes for the blind. Because of lack of space the collection of books was later moved to Cloverbrook.

Through contact with children and the school for the blind a department was opened in the public school in 1905. The Trader sisters visited the blind in every walk of life from the lowliest tenement to the country home and the great need of a home for the blind was realized.

The home of Alice and Phoebe Carey, the well known poets loved

by children and adults, was purchased by an interested citizen, Mr. Proctor of the Proctor Gamble Soap, presented to the sisters and Misses Florence and Georgia were made trustees of the home. The Cloverbrook Home for the Blind was dedicated May 8, 1903. In this seven-room house by considerable crowding ten women were taken care of.

From this has grown the fourth largest printers of Braille in the United States. From its library is circulated monthly 5,000 books. The printing department produces 60,000,000 Braille pages a year, 84,000 magazines, 3,000 Braille calendars, catalogues and other books.

The Misses Trader while in Bay St. Louis visited the library and Miss Florence said that 1,000 copies of Wee Wisdom, a magazine for children and 3,000 copies of "The Daily Word" are transcribed into Braille per month.

The circulation, she said, is between 4,000 and 5,000 volumes of Braille and Talking books per month. Other than this story of the home for the blind, the Traders, are of interest locally and seem a vital part of our city because from time to time great boxes of books have come to the Bay St. Louis-Hancock County Library, as gifts with no cost to the library other than the cost of transportation. These have always been the cream of the new books, both fiction and non-fiction.

How women and girls may get wanted relief from functional periodic pain

Careful, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 8 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

S. J. A. Parents Club Meeting

On Tuesday, April 1st, in the school library, a short interesting meeting of the S. J. A. Parents Club was opened with a prayer by Mother Blanche.

In the absence of the President and vice-president, Mrs. L. S. Elliott, recording secretary presided. The minutes of the March 14th meeting were read and approved. Mother Blanche quoted Mrs. Roger Boh's report of the club's finances.

Mrs. Leo Seal asked for a vote from the club, giving permission for a five minute talk on Cancer Control by Mrs. Wilson Wittlesberger at the May meeting.

Mother Blanche stated that she has succeeded in purchasing 300 more folding chairs and is now awaiting delivery of them.

Letters were read from the St. Aloysius Mothers' Club at Meridian, Miss., asking for information on our successful spaghetti supper.

It was suggested that the convent is in need of a bus. Discussions will be continued at the next meeting, on the advisability of working toward the purchase of one as the 1947-48 project.

Mother Blanche will confer with the nominating committee to select prospective officers of the new year. The voting will be held at the next meeting, at which time the new officers will assume their responsibilities.

The door prize was divided between the treasury and Mrs. R. R. Del Rio. The Junior-Senior class won the prize for the room attendance.

In lieu of refreshments due to Lenten regulations the co-hostesses, Mesdames R. R. Del Rio and Leo Seal provided a lovely large box of candy, which was won by Mrs. Wm. Prewitt.

Mother Blanche closed the meeting with a prayer.

As the May meeting closes the present club year, the members will be the guests of the Sisters of S. J. A. during the social hour.

and are in good condition but have been ripped apart for the purpose of transcribing and when resewn they are placed on the shelves for circulation. These have helped the library no end.

Miss Crawford regretted that the Misses Traders' visit was so short that it was not possible to have them meet the library board and the county and city officials as she had planned.

In recognition of the great unselfish contribution made to the blind by Misses Georgia and Florence each have been presented with medals by Miss Helea Keller.

Funeral Services For Professor John Ed Brown Held At Blue Mountain

Blue Mountain, Miss., Apr. 5.—Funeral services for Prof. John Ed Brown, eighty, eminent Mississippi educator, were held here from Lowrey Memorial Baptist Church, Saturday afternoon, conducted by Rev. Clifford J. Smyly, his pastor, and Rev. W. J. Cunningham, his kinsman, pastor of the First Methodist Church at Greenville. Dr. Richard Trott rendered a vocal solo. Burial was in Blue Mountain Cemetery with Masonic exercises at the grave, performed by the Blue Mountain Masonic Lodge. Prof. Brown had been in broken health for about three years. He died at his home here at 12:10 A. M., Friday.

A wealth of floral tributes bore witness of the high esteem in which Prof. Brown was held.

Prof. John Ed Brown was born August 20, 1866, near Iuka, Miss. He was the son of the late Capt. J. B. and Elizabeth Akers Brown, his father serving with distinction as an officer in the Confederate Army. He was educated at Iuka Normal College, and many years later was one of the seven men ever to graduate from Blue Mountain College where he received the B. A. degree.

Coming from a line of teachers, six of his sisters having been teachers, Prof. Brown taught first at Toenail in Tishomingo County, receiving thirty dollars a month salary. He subsequently taught at Carter, Burn-Out, Clayton School, Cumberland Academy, Paulding, Gloster and New Albany. At New Albany, he had the oversight in the building of a new modern high school plant.

In 1904, Prof. Brown moved to Blue Mountain where he and a group of local educators founded Mississippi Heights Academy of which he was the only president, serving in this capacity for forty years. He trained boys and young men from all over the nation, his boarding school for boys ranking among the best of its kind in the country. He used to declare, "What every boy needs is somebody to make him do and be his best." Prof. Brown was unique in his educational methods and philosophy and his students revered his memory like the students of Sawney Webb.

When Prof. Brown's health failed in 1943, Mississippi Heights Academy closed its doors, there being nobody qualified to carry on his unique type of youth training. Following the closing of his school Prof. Brown and his wife and daughter Mrs. Natalie Watson, who was a teacher at Bay High, spent nearly a year in Bay St. Louis.

Besides teaching fifty-eight years, Prof. Brown served on the Mississippi State Board of Education eight years, was a member of the board which built what is now Mississippi Southern College at Hattiesburg, and was a potent factor in the work of the Mississippi State Summer Normal for many years, teaching also at the Summer School of the University of Mississippi.

Prof. Brown was an ardent crusader for prohibition, speaking all over the state in its behalf. He was active in politics, serving under Gov. M. S. Conner as a member of the Board of Trustees of the Eleemosynary Institutions. He was a Shriner, being one of the leading members of

the local Masonic Lodge. He was a Baptist and for decades one of the leading lights of Lowrey Memorial Baptist Church. He was a Rotarian and was identified with other social, business, and educational organizations.

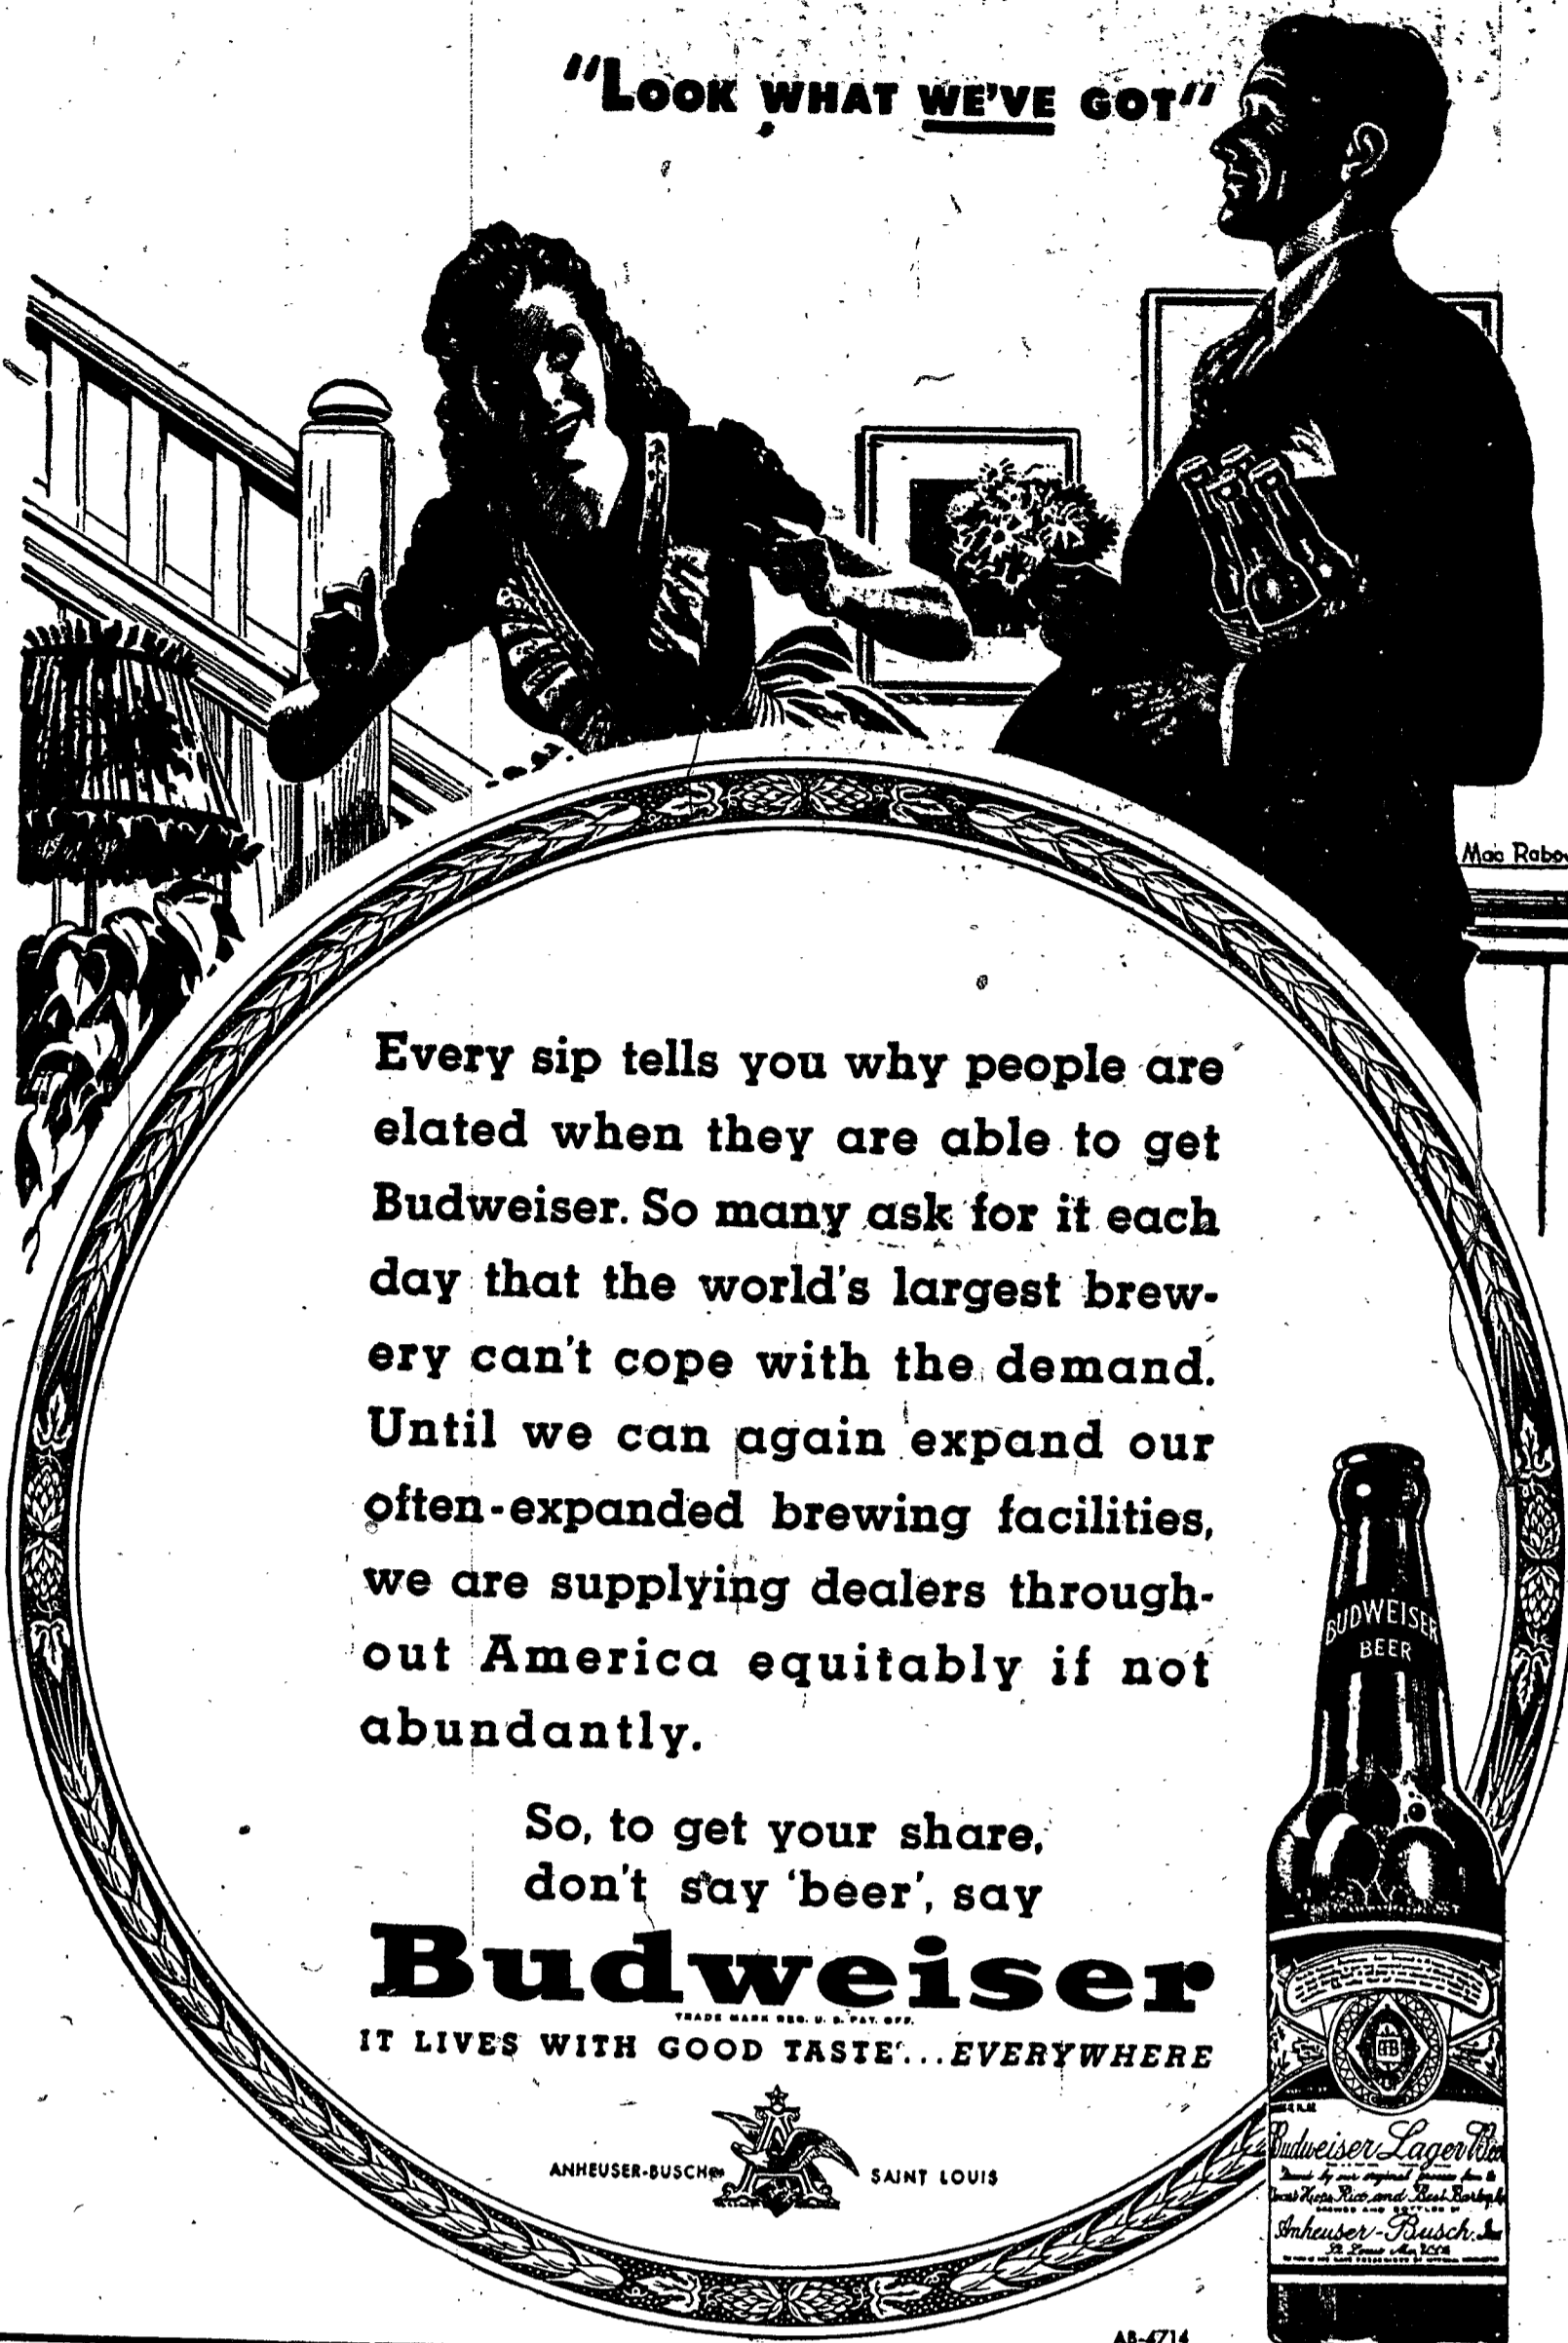

Prof. Brown married Miss Addie Lorena Garrow of Liberty, Mississippi, in 1897. Mrs. Brown has been active in all of his varied adventures and achievements.

Besides his wife, Prof. Brown leaves the following children: Mrs. Harry Mallott, Meridian; Mrs. Natalie Brown Watson of Blue Mountain; Dr. J. E. Brown of Fernwood, besides one grand-daughter, Betty Ann Brown, of Fernwood, a student at Ole Miss, and the following sisters: Mrs. John Robinson and Mrs. Edgar Payne of Iuka; and Mrs. Joe L. Rogers of New Albany.

SOIL CONSERVATION SERVICE

By J. L. Bishop
Hancock County Soil Conservation District Cooperators of Leetown, Caesar, Sellers and Crane Creek Communities, assisted by the Soil Conservation Service, are busily engaged in establishing soil conservation practices on their farms.

Mr. Plummer Shaw recently constructed firebreaks around his timbered land to protect it from fire. Mr. Shaw plans to cut his timber selectively. He stated that he did not want fire to burn over his woods as it would kill the young pine trees and would retard the growth of the older pine trees.

Klemon Bilbo recently completed 20 acres of terraces on his farm and planted kudzu in the water-ways where the water is disposed from the terraces. Kudzu will provide a thick vegetative cover and help to prevent erosion during excessive rain fall. Kudzu produces excellent hay crops and may be used temporarily

for grazing livestock during dry periods.

Henry Wittorf is preparing soil to plant lespedeza sericea. Mr. Wittorf is planting the lespedeza sericea for an increase seed patch. The seed was furnished to the District Commissioners by the Soil Conservation Service Nursery. Lespedeza sericea produces excellent hay crops and may be temporarily grazed during the summer.

Animals have been consigned to the sale by 18 Guernsey breeders from six states, according to G. B. Walker, Stoneville, association president. States represented in addition to Mississippi are South Carolina, Massachusetts, Georgia, New

Hampshire and Missouri.

"All animals in this sale will be open to public bidding," Mr. Walker said. "No animals will be restricted to bidding by 4-H and FFA Club members as in the first two association sales." He invites Club members to take part in the bidding, however.

Mr. Walker believes the 35 animals selected by the association sales committee are suitable for foundation animals and points out that the three bulls in the lot are good enough to be used in any herd.

Lem's Dogs vs Thad's Chickens

Running a newspaper, you get to know a lot about human nature.

Thad Phipps was in the other day, all burned up. Wanted me to run an item on how Lem Martin's dog had raided his chickens again, and ought to be put away by law.

I told him: "Lem was in on Saturday. Said you shouldn't be allowed to have those chickens so close to his house—and in a residential zone, at that."

Thad shuts up right pronto then. And that very evening I see him making his peace with Lem

at Andy Botkin's Garden Tavern—over a friendly glass of beer.

From where I sit, anyone can find something in his neighbor to complain about. (Some folks may even disagree with Thad's right to enjoy the glass of beer with Lem!) But where would we be if everybody tried to have a law passed against everything they disagreed with? We wouldn't have many neighbors left!

PIPELINER'S TAXI

The men who drill gas wells and build and maintain pipe lines along the Gulf coast spend much of their time on the water. No fancy pleasure craft serve these men—only the flat-bottomed barge, shallow-draft work boats or the "swamp buggy," which was developed to meet the unique requirements of a pipe line crew working in the swamps.

The hardships of gas production and transmission in the swamplands read like fiction...but they are grim daily chores for United Gas workers seeking to conserve gas that might otherwise never find a market... gas that can be put to use by thousands of residents in many southern cities and towns. Sometimes these workers are a relatively few miles from "civilization"—but it might as well be a thousand—performing the toughest work in the world to bring comfort and convenience to your home, and low-cost, dependable fuel to your plant.

WEDDING OF INTEREST

A wedding claiming interest here where the bride's mother was reared was that of Miss Carolyn Eloise Reed, daughter of Dr. and Mrs. Clinton Reed, of Atlanta, Georgia, and Mr. Smiley Milton Bush, son of Mr. and Mrs. Isaac Bush of Colquitt who were married on April 7 in Atlanta, Georgia.

The bride is the granddaughter of Mrs. Carolyn Hoffman Mattox and grandniece of Mrs. A. R. Hart.

The wedding was a very pretty one with a large number of attendants among whom were Mr. and Mrs. C. L. Peacock and L. R. Guerara.

The bride, who is a beautiful brunette, entered with her father who gave her in marriage and they were met at the altar by the groom and his best man Wesley Bush, Jr., of Albany. The bride was handsomely gowned in a model of ivory duchess satin made with a close-fitting basque waist beaded in seed pearls in a love-knot design, and made with a heart-shaped neck. The long full skirt formed a cathedral train. Her illusion veil was finger-tip length and was caught to a Mary Queen of Scots cap trimmed in orange blossoms which were worn by her maternal grandmother Mrs. Mattox and her mother. Her only ornament was a strand of pearls and she carried a colonial bouquet of white bride's roses and Lilies of the Valley centered with white orchids.

Members of the receiving line stood before a mantel arrangement of white flowers, woodwardia fern and cathedral candleabra. Throughout the home white flowers were used in decorations.

The bride's table was centered with a handsome bride's cake placed on a mound and decorated with replicas of the bride's maid bouquets. The bride traveled in a white wine suit worn with a moss green hat trimmed in pink. From the Atlanta Constitution of April 8, 1947.

Congratulations and best wishes are offered because this town claims the mother and grandmother of the bride as their own.

MARRIED HERE SUNDAY

A quiet wedding, but one claiming general interest was that of Miss Nita Rene Russell and Mr. August Charles McKay who were quietly married on Sunday afternoon at 1:30 o'clock at the First Baptist Church, the Rev. John T. Dearing officiating. Only the immediate families of the two contracting parties were present.

The bride wore a becoming coat suit of light green wool crepe and with this she wore a brown hat and her accessories were brown. Her shoulder corsage was of white carnations. She had as her only attendant Miss Juliette Johnson who wore a suit of Powder Blue wool and her corsage was of pale pink carnations. Mr. McKay had as his attendant Mr. Sylvester Rome.

Immediately following the ceremony the couple left by car for a trip through Florida.

The bride is the daughter of Mr. and Mrs. W. H. Russell of Waveland, and is a graduate of Bay High in the class of '46.

Mr. McKay is the son of Mr. and Mrs. A. W. McKay of Waveland. He served in the Pacific area in the U. S. Navy and is now in business with his father in Waveland. The couple will upon their return from their trip, be at home in their own home in Jeff Davis avenue, Waveland.

The family sat at a beautifully arranged table bright with spring flowers in the honoree's home for dinner. Here they viewed the many lovely gifts which were brought to the lady who has far outlived her three score and ten years and still enjoys being with her family.
